How to Order:

1. Check my availability first by sending me the date you need a cake, the tier category you want to order, and the approximate number of servings.
2. Refer to the menu to choose cake flavor, filling (if any), and icing.

Cupcakes

Minimum 3 dozen minis per flavor and 2 dozen standards per flavor. *(Exceptions can be made if I'm already baking desired flavors for other orders.)*

Minis are approximately 1/3 the size of standard cupcakes. I usually suggest ordering 2 per person, depending on the number of flavors and type of event.

Icings can be flavored and fillings are for standard sizes only.

Decide whether you want custom designs (average \$1 added) or just bakery toppings (such as sprinkles, chocolate shavings, candy pieces).
